SWOT Emerging Themes

Priority 1: Behavioral Health, Mental Health, & Addictive Disorders

Strengths

- Availability of services (e.g., in schools, response teams, community health centers, crisis lines, one-stop shop homeless shelter))
- Access (i.e., concentration of providers in area with highest population, mobile outreach, transportation available in certain areas)

Weaknesses

- Limited education and outreach (e.g., linking to BH providers)
- Meeting needs across the lifespan (e.g., lack of early childhood BH services, lack of family support, family planning advice)

Opportunities

- Services provided by clinics, health centers, or other health care agencies
- Better, increased access through coordinated care and integrated care

Threats

- Narrow definition of BH limits ability to access care
- Lack of coordinated/integrated care
- Stigma of seeking BH/MH care

SWOT Emerging Themes

Priority 2: Healthcare & Insurance

Strengths

- Focus on quality and technology (e.g., EHRs, telehealth, care management, medical homes, efficiency and prioritization)

Weaknesses

- Lack of specialty care and coordination between specialty and primary care
- Lack of health literacy Environmental and social issues

Opportunities

- EHRs for linking providers, care coordination, and continuity of care
- Educating community on health and healthcare

Threats

- Financial and economic (e.g., cuts to children's services, cuts to MH facilities, providers not seeing Medicaid/Medicare because of low reimbursement rates, affordability of healthcare, etc.)
- Social (e.g., housing issues, lack of transportation, lack of education, unemployment rate, etc.)

SWOT Emerging Themes

Priority 3: Chronic Disease Prevention & Management

Strengths

- Outreach to and increasing literacy and awareness of community
- Healthcare and community agencies to provide services, programs, and awareness

Weaknesses

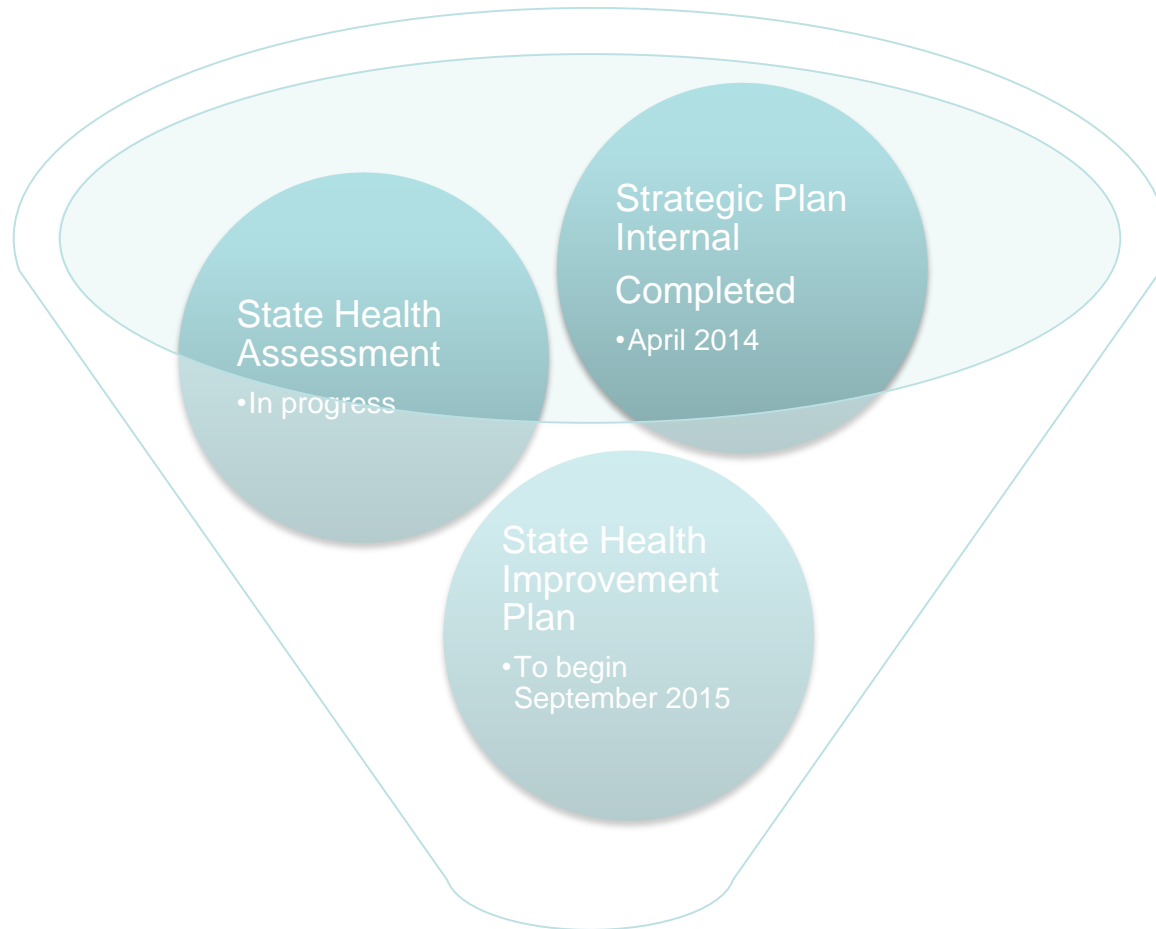

- Cultural, social norms around eating, lifestyle
- Access barriers related to lack of insurance (or limited insurance) and affordability of chronic care
- Patient education and awareness

Opportunities

- Improved access to care via factors like FQHCs, Bayou Health Plans, telemedicine
- Focus on the social determinants of health through budget allocations, SNAP, etc.

Threats

- Access to care via limited providers, lack of insurance, transportation, no MH care, closing facilities, etc.
- Social via limited access to health foods, affordability of healthy foods, limited personal finances, etc.
